Special Education Parent Handbook

The newly updated Special Education Parent Handbook is available online. This manual provides a wealth of information regarding many topics of interest to parents and caregivers of students with disabilities, including Child Find, local screening, evaluations and eligibility for special education and Section 504 services, procedural safeguards/rights, key contacts and resources, and much more. To access the Special Education Parent Handbook [CLICK HERE](#).

The Advisory Committee for Students with Disabilities (ACSD)

The Advisory Committee for Students with Disabilities (ACSD) is a local advisory committee for special education, appointed by each local school board, for the purpose of advising the school board via the division superintendent. The committee meets monthly, and its' purpose is to examine current FCPS practices regarding the communication/dissemination of information to parents related to supports and services provided to students with disabilities; and to make recommendations designed to improve and strengthen the relationship between parents of students with disabilities and FCPS school staff and central office staff. **Next meeting TBA.** [CLICK HERE](#) to visit the Advisory Committee for Students with Disabilities website.

Applied Behavior Analysis Program (ABA)

The Applied Behavior Analysis Program of FCPS supports the special education instruction of students with autism and related disorders. Applied Behavior Analysis is a scientific approach to understanding behavior and refers to a set of principles that focus upon how behaviors change, or are affected by the environment, as well as how learning takes place. [CLICK HERE](#) for more about the FCPS ABA Program.

Twice-Exceptional (2e) Handbook

LOCAL RESOURCES

The Special Education PTA of Fairfax County

<https://fairfaxcountysepta.org/>

<https://www.facebook.com/FairfaxCountySEPTA/>

Empowering and connecting families, students and educators to ensure students with disabilities develop their full potential as individuals and community members. Parents, professionals and educators of students with special education and disability needs have atypical circumstances, challenges and interests. Often, these special educational needs may not be the focus of programs designed for {predominantly} general education students. A Special Education PTA can supplement the educational experience for disabled students, families and professionals to support academic and social success. In addition, it allows for such parents, students and professionals to: (a) Connect with and support one another; (b) fund, sponsor and provide special trainings, workshops and events unique to special education needs; and (d) understand and navigate the special education system and special education and disability rights under the law. The SEPTA does not take the place of a local school PTA nor any other PTA organization. We encourage all SEPTA members to participate in their local PTAs. Participation in your local PTA(s) will provide general PTA and school-based programming and participation opportunities that our county-wide SEPTA may not.

The following SEPTA-recommended resources are FREE unless otherwise noted. Registration required where indicated:
